Informative(s):

1 Reasons for granting permission

Permission was granted in 2016 for a roof extension of similar design. This application seeks permission for a roof extension of slightly lesser massing to be in B1 use only.

The host building has an irregular floorplate that is part oval and part rectangular with split levels being lower at the rear (north) and higher at the front (south). The proposed roof extension would be set back around 0.6m from the frontages behind perimeter parapet walls along on the northern, eastern and part of the south-western sides (front) of the host building. On its southern side (front), the extension would be set back by up to 2.5m from the frontage to minimise its visual impact when viewed directly from Clerkenwell Road.

The extension would be largely glazed, with some elements of bronze cladding and is designed to appear lightweight and visually recessive in appearance. Whilst contemporary in style, it would respond to and complement both the elevations below and the adjacent, comparable roof extension of no. 146 Clerkenwell Road.

As such, the proposed roof extension would not harm the appearance of the host building or be detrimental to the character or appearance of the surrounding conservation area.

The proposed extension by reason of its scale and siting, would not result significant impact on the amenity of neighbouring occupants in terms of loss of daylight or privacy or increased sense of enclosure.

In order to regulate the construction impact of the development, a construction management plan and monitoring fee will be required by s106 legal agreement. A highways contribution will also be secured by legal agreement in association with the construction and works required to the surrounding highway.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

No objections were received prior to making this decision and the planning history of the site and surrounding area has been taken into account.

As such, the proposal is in general accordance with policies A1, D1, D2 and T1 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (Tel. No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 4 This proposal may be liable for the Mayor of London's Community Infrastructure Levy (CIL) and the Camden CIL. Both CILs are collected by Camden Council after a liable scheme has started, and could be subject to surcharges for failure to assume liability or submit a commencement notice **PRIOR** to commencement. We issue formal CIL liability notices **setting out** how much you may have to pay once a liable party has been established. CIL payments will be subject to indexation in line with construction costs **index**. You can visit our planning website at www.camden.gov.uk/cil for more information, including guidance on your liability, charges, how to pay and who to contact for more advice.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

Yours faithfully

Supporting Communities Directorate
