2018/4289/T	J Potter	26/09/2018 21:25:18	OBJ	<p>An architect friend walks past this property and says the front wall is a potential danger: it slopes badly towards teh pavement. This is the priority and the tree, at full height, can be retained with the wall rebuilt to accommodate it.</p> <p>Felling the tree seems the wrong solution to the problem, would remove a tree from the avenue we value so much, and allow others with trees in their front garden to apply for felling without replacement.</p>
