- 8 The development hereby permitted must be begun not later than the end of three years from the date of the original permission 07/09/2010

#### Informative(s):

- 1 Reasons for granting permission.

This application seeks to make changes to planning permission 2009/3041/P, dated 07/09/2010, which has been amended by permissions 2015/1340/P, dated 23/11/2015, 2015/6946/P, dated 14/01/2016 and 2016/5891/P dated 10 November 2016.

Permission is sought for the installation of a rooflight to the upper (flat) roof slope at no.9 Cambridge Terrace. Consent was approved for a rooflight of similar size as part of the planning permission and listed building consent application 07/09/2010.

The approved rooflight was flush with the roof. This proposal varies the design of the rooflight. The proposed design would require the rooflight to have an 195mm upstand to the front of the rooflight and would be 450mm to the rear upstand which would potentially increase the visibility of the rooflight

The upstand of the new rooflight would be seen only in long-range views of the roof from Regents Park above the staircase, by virtue of its position it is unlikely to be visible, except in long range. Nevertheless, it is considered to be in keeping with the character of the host building and the terrace of which it forms apart which already have rooflight upstands partially visible from the park.

Considerable importance and weight has been attached to the harm and special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under and s.72 of The Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

Special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses, under s.66 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the London Borough of Camden Local Plan. The proposed development also accords with policy 7.8 of the London Plan 2016 consolidated with amendments since 2011, and paragraphs 14, 17 and 126-141 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 2363).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Planning and Public Protection Division (Compliance and Enforcement Team), Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 5613 or by email [ppp@camden.gov.uk](mailto:ppp@camden.gov.uk) or on the website [www.camden.gov.uk/pollution](http://www.camden.gov.uk/pollution)) or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 4 Your attention is drawn to the fact that there is a separate legal agreement with the Council which relates to the development for which this permission is granted. Information/drawings relating to the discharge of matters covered by the Heads of Terms of the legal agreement should be marked for the attention of the Planning Obligations Officer, Sites Team, Urban Design and Renewal, Camden Town Hall, Argyle Street, WC1H 8EQ
- 5 Active bird nests are protected under Part 1 of the Wildlife and Countryside Act 1981 (as amended) which states that it is an offence to disturb, damage or destroy

the nest of any wild bird while that nest be in use or being built. Active nests are highly likely to be present within the site during peak nesting season, considered by Natural England as between 1 March and 31 July. It should be noted that active nests are afforded legal protection at all times and can be encountered throughout a nesting season which may extend between mid February and October depending on bird species and weather conditions. Nesting habitats which includes trees, shrubs, climbing plants, grounds flora, buildings and other structures may be cleared at any time of year where survey (undertaken by a suitably experienced person) can establish active nests are absent. For further information contact Natural England on 020 7932 5800.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

Yours faithfully
