

Design and Access Statement

5 Brecknock Road London N7 0BL

25th September 2018

Second floor rear extension

Proposal

Second storey rear extension to match the one carried out at 1 Brecknock Road.

Existing Property

This is a terraced property typical of the street scene.

Neighbourhood and Streetscape

The street has buildings of similar design.

Design and Layout

The proposed works have been designed in accordance with the Borough Plan and advice given. All new building works to match existing.

The design is based on the following principles:-

The works will blend in with existing. All new materials and windows to match existing.

The proposal is within the Borough guidelines and the proposed works will not disturb the neighbour's amenity.

No material changes of use are proposed. No underpinning or excavation will be necessary. No trees will be affected and no hazardous waste is involved.

No corner cutting is intended to facilitate cheaper building costs. Every attempt to mirror the existing elements and adjacent properties will be incorporated.

Heritage Assets and Climate Change

These alterations provide an opportunity to reduce carbon emissions to a standard not required at the time of the building's construction.

No significant conflict should occur between conserving the heritage asset and benefitting the property with sensible modifications.

Consulting neighbours

No discussions with the neighbours has taken place.

Impact on Amenity, Outlook and Privacy

There will be no negative impact on the amenity or privacy of the neighbours.

Parking and Access

There is no off street parking. There are transport services in the vicinity.

Conclusion

The neighbours will not be subject to extra disturbance. No removal of major landscaping is necessary and security arrangements will be maintained.
