Planning Application: 2018/2931/P
30A Parkhill Road Elaine Quigley
Erection of a single storey outbuilding in the rear garden linking to the rear elevation of the main house by a single storey connecting glazed walkway.

Unfortunately we could not access the document page in good time to respond by the use of our PIN number, we did send you an email to this effect. However, we now see that we can access the relevant documents and also notice that from the general information page planning permission has not yet been granted. We would like therefore to submit retrospectively our comments as follows:

The proposed extension is too large and visibly intrusive, it grossly encroaches upon the rear garden space, occupying more than 50% of the rear garden space. It is in clear sight of the other occupiers of this house and the neighbours, indeed together with the linked walkway introduces an incongruous element harmful to the appearance of the Conservation Area.
