Subject: 2018/2967/P: 106 Frognal

Dear Tony,

HCAAC Objected initially to this application citing insufficient information to assess its impact. No drawings submitted of existing for instance.

However, we note the Grant of Consent 2105/4359/P and Refusal 2011/6296/P for extension of existing basement wherein fuller information was provided.

On review, as application 2017/0801/P for 104 Frognal was granted, being a scheme of greater scope and potential impact than at 106, and as there is an existing consent for most of the proposal HCAAC can have No Objection to the 106 Proposal.

Regards,

John Malet-Bates
