Dear Matthew

Thank you for your email of 02 October 2018 regarding the above applications for listed building consent. On the basis of the information provided, we do not consider that it is necessary for this application to be notified to Historic England under the relevant statutory provisions, details of which are attached. If the proposals meet the criteria attached you may need to consult us on the Listed Building Consent application rather than the planning.

If you consider that this application does fall within one of the relevant categories, or you have other reasons for seeking our advice, please contact us to discuss your request. If we do not hear from you within five working days we will assume this application should not have been sent to us.

This response relates to designated heritage assets only. If the proposals meet the Greater London Archaeological Advisory Service's published consultation criteria we recommend that you seek their view as specialist archaeological adviser to the local planning authority.

The full GLAAS consultation criteria are on our webpage at the following link:

Kind regards

Miriam
