Drawing Nos: Application form, 18010\_S.01\_SITE-PLAN,  
13139.CoverLetter.AC.140818. D & A and H statement, 18010..DE.06, 18010..DE.05,  
18010..DE.04, 18010..DE.03, 18010..DE.02, 18101..DE.01.

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Application form, 18010\_S.01\_SITE-PLAN, 13139.CoverLetter.AC.140818. D & A and H statement, 18010..DE.06, 18010..DE.05, 18010..DE.04, 18010..DE.03, 18010..DE.02, 18101..DE.01.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 22 Tower Street is a grade II listed building within the Seven Dials conservation area. The building was constructed as a school c.1874 but has since been converted to offices. Unfortunately, the internal parts of the building were substantially altered in the late C20, and as a result, few historic features survive.

The proposals are to remove many of the partitions and ceilings that were inserted in the late C20. This is to investigate the structural integrity of the building and to create an open plan office. No historic fabric will be affected by the changes and the legibility of the building will be improved as a result of the alterations.

The proposed works will not harm the special interest of the grade-II-listed building.

The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.

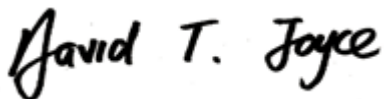

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. - 3 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

- 4 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974.
