### **Description:**

VELUX White Polyurethane Roof Windows are ideal for Velux extensions, Velux loft conversions & home renovations. Velux white polyurethane roof windows are the perfect choice if you are looking for a stylish roof window to bring daylight & fresh air to your home extension.

VELUX 0034 glazing is perfect for bathrooms. It features a laminated and opaque inner glass for privacy whilst still allowing an abundance of light to fill the room.

VELUX centre-pivot roof windows are easy to operate. They feature a clever top control bar that allows you to install the window lower than an equivalent top-hung operated roof window and get an excellent view while standing and when seated. With tried and tested engineering the VELUX GGU centre-pivot windows opens with ease.

New Generation GGU centre-pivot windows are designed with a premium polyurethane coating which helps to protect the strong wooden core from moisture. In addition to loft rooms, kitchens and hallways, GGU windows provide the perfect solution to bathroom windows with a waterproof finish and obscure glazing available.

Incorporating VELUX ThermoTechnology™ GGU windows use high performance materials in the construction, which provides fantastic insulation levels. Look for the ThermoTechnology™ seal for your guarantee of excellent energy efficiency.
