2018/4308/P	Mr. Syed Jamal Akhtar	04/10/2018 14:55:51	APP	<p>The Ground floor rear extension into the shared lightwell / courtyard has been built closer to my window than agreed, stopping the window opening less than halfway and blocking light. The agreed distance from their boundary to my window wall was 1.5 meters which can be seen on application with ref. 2014/6550/P</p> <p>This has now prevented me from receiving natural light from each of my two windows, reduced the amount of ventilation and circulation in my flat, prevented me from using this as a secondary means of escape and made my view out even more unsightly.</p> <p>Please refer to [REDACTED] or images of the new wall that has now been built [REDACTED]</p>
