Frank,

Nice to meet you last week.

Further to our discussion and the letter drop I have included the updated CMP for your information. I've also taken on board your comments on the bird netting, and will be raising this with the wider team.

Can you please send an invite out for your next neighbourly consultation.

Regards,

Peter Bonney

Lee,

Further to our previous correspondence, please find attached for your information, the CMP consultation, information and links.

It's a work in progress, we are not due to commence until the end of next month.

Let me know if you have any questions.

Regards,

Peter Bonney

MCC - Lee Meoosied

High Holborn, regards,
Peter.

Attachments: Collins CMP Consultation - May.pdf

Good Morning,

Further to our visit please find attached an electronic version of our Construction Management Plan.

We are happy to answer any questions regarding the upcoming works on Smarts Place and High Holborn.

We are members of the Considerate Constructors Scheme and on our last project we provided four potted hedges for the entrance of the school.

If you would like to meet up and discuss options for something similar or some light maintenance that would benefit the school, please get in touch.

Kind Regards,

Peter Bonney

Hi Peter

Thank you for the update.

Please let me know what weekend the road will be closed off as we normally have staff and external visitors on site on weekends and may need to put in place an alternative evacuation plan.

Kind Regards,

Eva

Eva,

Thanks for getting in touch.

No problems with this. We are only planning to close the road off over one weekend to install the tower crane.

Other than that, free access will be provided.

Regards,

Peter Bonney

Hi Peter

Thank you for providing a copy of your CMP and coming around to introduce yourself.

I just wanted to mention that we use Stukeley Street as our assembly point and most staff will access the assembly point via Smart's Place which means that we need to ensure that both roads have sufficient access in case of an evacuation.

Also, our loading bay is at the bottom of Smart's Place and regular access is needed.

Kind Regards,

Eva

Subject: Streetworks - Smarts Place - High Holborn - Collins Construction.
Attachments: CMP - Collins - 182-184 HH - 08-05.pdf

Good Morning David,

As part of our upcoming works at 182-184 High Holborn we have a requirement for street works to be carried out on Smarts Place.

We would like this work carried out by yourselves if possible, the scope is included in the CMP attached and below.

The works would be as follows:

- Extension of footpath on Pearsons Training side of the road to 1.2m
- The removal of 16no. bollards.
- The removal and relocation of 2 no. street signs / lamps.

Upon acceptance can you please advise on the cost and the lead time on carrying out the works.

I can meet on location to discuss, or alternatively I can come to meet yourself or one of the team at your offices.

Kind Regards,

Peter Bonney
