

Application No:	Consultees Name:	Received:	Comment:	Response:
2018/3898/P	Mr Duncan	10/10/2018 21:19:56	OBJ	<p>[REDACTED]</p> <p>8 Aldred Road has an line of site into our bedrooms and kitchen. 8 Aldred Road also has direct line of site in to my downstairs neighbours kitchen living bathroom and bedroom.</p> <p>I am sure some form of planning permission will be granted, I would object to large windows on higher floors, Large windows that open, Moving any window closer to our property. And I would strongly object to any form of roof terrace.</p> <p>This application is ostensibly the same as the previous application and I refer you to the objections I made on that occasion. For clarity I repeat those objections: passive invasion of privacy, property devaluation, loss of earnings, erosion of planning restriction on the adjoining houses, and most importantly noise pollution.</p> <p>Regarding noise during construction. I work from home and regularly work shifted hours. If planning permission is granted I would ask Camden to add restrictions on permitted hours worked during the week, no weekend work and a specific restriction on amplified music.</p> <p>My issues with a roof terraces are that they encourage and facilitates late night parties. And specifically, for 8 Aldred Road a roof terrace would give them a direct line of site into our home. I dont know which property it is but one of the houses near 8 Aldred Road regularly has late night parties.</p> <p>From the previous planning application, I was led to believe we would be invited to a public hearing. This never happened, instead a new application has been sneaked in. I note that no new objections have been made from the residents of Orestse Mews and I believe they are unaware of this new application. These residents were strongly opposed to the previous application. Can their previous observations be considered?</p>
