

External Chess Board

Specification

Chess board 3m x 3m moulded plastic made up from 32no. Black and 32no. White interlocking moulded plastic squares

Pieces 64cm high moulded plastic

Method Statement

Each day the event is open a chess board will be set up on the pavement adjacent to the Event entrance at the corner of Theobald's Road/Southampton Row.

1. All elements will be stored inside the building.
2. A security guard will be outside ready to direct any footfall around the set up area.
3. One hour prior to the door opening an operative will bring out the chess board squares, to the pavement, and interlock them to form a chess board.
4. The chess pieces will subsequently be brought out and set ready for a game.
5. For the duration the 'Set Up' is on the pavement an overseeing/monitoring operative will be present at all times.
6. At the end of the day the 'Set Up' will be returned to the inside of the building following steps 2 to 4 in reverse order.

The following risks have been recognised.

Risk	Action
Inclement weather and high wind.	The operative will monitor and bring in the chess pieces and chess board back inside .
People walking into it .	The operative and security will monitor and guide the public .
Malicious 'Tom Foolery'.	Security will monitor .
