Dear Laura

I am writing in my support of the Breast Cancer Haven.

I have been a Consultant Surgeon here at Charing Cross for 12 years and the Haven have offered invaluable help to my patients in this time.

I understand they are now relocating due to a need to leave their premises and they need some support regarding the planning conversion of their new site.

I cannot reiterate enough how much the Haven helps our breast cancer patients and it will be a disaster if they cannot be housed in a new site.

I am offering a strong support for this.

Yours sincerely
