The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: S-001-1st, P-001-A, P-002-1st, P-003-1st, P-004-1st

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting listed building consent

The proposed development relates to a Grade II Listed building within the Bloomsbury Conservation Area. The existing brickwork staircase within the front light well is a modern intervention and of no special historic or architectural interest. Its removal will not have an adverse impact on the appearance of the building or its significance.

The proposed replacement staircase is appropriate and sympathetic to the age of the building in respect of its materials, scale, siting and detailed design. As such, the development would have a positive impact on the special interest of the listed building and would enhance the character and appearance of the conservation area. The existing iron railings surrounding the light well opening will be retained and there will be no loss of significant historic fabric.

The planning and appeal history of the site has been taken into account when coming to this decision. No objections were received prior to making this decision.

Special attention has been paid to the desirability of preserving the building and its setting and any features of special architectural or historic interest which it possesses, under s.66 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The proposed development is in general accordance with policy D2 of the London Borough of Camden Local Plan 2017. The proposed development also accords with the London Plan 2016, and the National Planning Policy Framework 2018.
