2018/4683/P	richard kramer	08/11/2018 10:16:23	OBJEMAIL	As a long-term resident of the Square we find these plans wholly out of keeping with the scale and nature of other works. There is no reason that a Grade II listed property should be dug out to put in a swimming pool or logic in destroying a perfectly fine mews house. Having a Certificate of Lawfulness granted would give an open-ended consent to damaging and bothersome "exploratory" works which have been ongoing since 2012 to no avail. It also appears that the new owners are mis-representing the work that has been done to date as more advanced than it already is. We urge you to reject this application and require a new more modest plan to be submitted which is in keeping with the character of our Square.

2018/4683/P	Mr. C. N. Phoenix	12/11/2018 15:55:28	OBJ	RE: Application No. 2018/4683/P Having viewed the drawings and photographs attached to this application I do not believe they constitute any proof whatsoever of working having started in such a way as to satisfy the requirements, and therefore does not constitute a Certificate of Lawfulness being granted.
2018/4683/P	Claire Bruce	12/11/2018 20:51:54	OBJ	It is not correct to state that works have started at no.3 Fitzroy Square. This property has been rented out for film shoots on a regular basis for many years now. Many residents of the Square will come and testify that no work has started contrary to what is stated in the application. There is therefore no justification to grant this Certificate of Lawfulness on the basis of a declaration which is not correct. We would like to object to this application and request that the owners of no 3 FS file for a new planning application altogether with the statutory consultation period.
2018/4683/P	Pierre de Weck	08/11/2018 08:10:45	COMMEMPER	To the best of my knowledge, no substantive work has been carried out on the property since the granting of the planning application in 2012, and therefore that application has expired in 2015. A new application has to be submitted.
