2018/4720/P	Linus Rees	08/11/2018 08:40:50	WREP	We welcome the provision of bird boxes but note that the RSPB guidance submitted states: "they are positioned away from fan units". According to the location plan submitted at least half the boxes would appear to be near air con fan units. If this is the case we would urge the applicant to propose a better location.
