2018/5142/P	T Saravanapavan	07/11/2018 07:35:46	OBJ	This advertising hoarding has already been installed, and is providing a hidden area behind which people are urinating in public, dealing drugs and dumping rubbish. I strongly object to this sign being located here. As a civil engineer I am also concerned by the hoarding's makeshift construction which appears to be of poor quality (especially considering how close it is to a highly traffic footpath). I trust that the council will ensure the hoarding's design accounts for any wind loading that could result in it overturning into the footpath.
