2018/4369/P	Lynne and Stephen Jones	14/11/2018 19:13:27	OBJ	<p>1) Firstly the Site Plan for this application is very incorrect and misleading. The Neighbouring Garden at 2B Tanza Road [REDACTED] is incorrectly described as 28 Nassington Rd. Please refer to the Title Plan (NGL 755163) for 3 story house at 2B Tanza Road.</p> <p>2) [REDACTED] Garden at 2B Tanza Road is on 3 Levels, going higher (and lighter) away from the house. This detail is also not shown on the site plan.</p> <p>3) Our primary OBJECTION relates to loss of light and privacy to our garden from what becomes a 2 storey high extension overlooking our garden. Although there is currently a high fence between part of our garden and the proposed building site, the dimensions, size and location of the new building would significantly block light to our garden. In particular our privacy on the second (middle level) which we use for outside seating.</p> <p>4) This is best demonstrated by a site visit to us during daylight hours.</p> <p>5) We reserve the right to comment further when an accurate plan is submitted to show the affect on 2B Tanza Road.</p>
2018/4369/P	Sarena Alfordary-Joseph	16/11/2018 13:29:47	COMMENT	<p>correction re my re previous comments- mistake: [REDACTED] not 26 Tanza rd as in my original comments. I don't seem to be able to amend the original.</p>
2018/4369/P	Sarena Alfordary-Joseph	16/11/2018 13:22:20	COMMENT	<p>[REDACTED] The submitted drawings are incorrect and do not show my boundary correctly. Number 2a Tanza Rd has been totally omitted from the drawings and has been incorporated into my freehold. Please take a look at your records for 28 Nassington Road and 2b Tanza Rd. I cannot understand why the submitted drawings are so badly misrepresenting the boundaries. The applicant has applied to build this extension in the past and I'm not aware of incorrect drawings having been previously submitted though I can't say for sure. Also I own the land directly abutting the garden of 26 Tanza Rd, which is my parkig space. (small triangular shape next to no2 Tanza). The applicant has illegally used this area to transfer building materials over my wall when he renovated his flat in the past. His builders broke my fence and did not repair it. They used this, my parking space, illegally while I was away. Please note I will not give consent for builders to set foot on land owned by me in order to transfer materials to his garden or to park vehicles. Please also note that I have not received written notification of this planning application and would like to know why this is the case. The owner does not live on the property and has had it on the market recently.</p>
