Once changed, the owners could be replaced by yet another fast food/takeaway - of which Kentish Town is already over-provided. We also seem to now have a superfluity of cafes and they cannot all survive. Which makes the retention of A1 retail more vital.</p> <p>To apply for irreversible Sui Generis is a try-on that must be resisted. In the past, with the Pizza shop that operated opposite 6 years ago, Camden's planning department rightly resisted exactly such an application. This application should also be refused.</p>
2018/4667/P	Barbara Rafaeli	06/11/2018 10:07:06	OBJLETTE R	<p>Rima's Bakery was a welcome addition to our high street & community. The newly intended use of this property will NOT. There are already several similar entities like this in the immediate area and enough in number to service their customers.. There are families with children living above the intended premises -and- nearby residents who will be directly impacted by noise, smells and (unintended, but obvious) disruption and disturbance. This intended shop will cause disturbance and disruption to our high street and environs. The rubbish alone from the existing shops like it already litters our streets; I live half way down along a side street and am constantly picking up & disposing of packaging (and leftovers) from these shops.</p> <p>Please consider local residents' fierce opposition to this new plan and PLEASE DO NOT APPROVE IT. Thank you.</p>
2018/4667/P	Sue Odell	13/11/2018 18:34:34	OBJ	<p>I object to this change of use. There appears to be a falling number of retail shops on Kentish Town Road and, if you grant this premises to become A3 or A5, it would probably become yet another take-away or kebab shop or fried chicken shop. Please keep as many A1 retail shops on our Kentish Town Road as possible! Please do not grant this change of use.</p>
