I wish to object to this application to install a phone box.

I do not believe that it provides any public benefit as there are enough existing phone boxes for the very small number of people who need to use a telephone on the move but do not have a mobile phone.

I also believe that this will constitute a threat to public safety and an obstruction to free movement of people on the already crowded pavements. Phone boxes seem merely to serve as a place for pimps to place cards advertising prostitutes which merely results in litter on the pavement when one card poster removes one set of cards to replace them with another. I have witnessed some very unpleasant behaviour when the two parties argue. They provide a place for a variety of items to be stowed. They are often used as urinals by men who are caught short.

This application seems merely an attempt to get advertising space on the street without admitting as much. For these reasons, I would ask that this is rejected.

Thank you
