2018/5576/P	Alex Moro	20/11/2018 23:56:26	OBJ	Who needs this? It's a very ugly thing to be added in an area notorious for anti-social behaviour, vandalism and fly tipping. This useless piece of obsolete equipment will be vandalised in no time. Everyone has a one or multiple phones these days or they know someone that can lend them, there is absolutely no need to add these ugly boxes on our roads that are already too full, too cluttered with ugly signs and useless items.
