Hi Gavin

Will the following and attachment suffice? By the way the uprights will be clad in natural wood as you requested.

Kind regards
Peter

Free standing hybrid glulam & steel canopy

- **Size:** 29m long x 7.2m span barrel vaulted
- **Height:** 3.5m to underside of eaves beam (minimum clearance)
- **Frame:** CE marked mild steel
- **Frame finish:** Maintenance free galvanised
- **Arches:** Glulam timber
- **Frame fixing:** Bolted to concrete pad foundations via resin anchor bolts
- **Base plate grouting:** By foundation contractor
- **Roof cladding material:** Fire retardant Opal 60 fabric
