4. What Are You A	Applying For?					
Are you seeking conse	ent for works to tree(s) subject to a Tree Preservation Ord	er?	Yes	□ No		
Are you wishing to carr	ry out works to tree(s) in a conservation area?	(0)	Yes	○ No		
E. Identification of Trac(s) and Decaription of Warks						
5. Identification of Tree(s) and Description of Works Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.						
You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.						
Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. Use the same numbers on your sketch plan (see guidance notes).						
Please provide the following information below						

5. Identification of Tree(s) and Description of Works

Tree species (and the number used on the sketch plan) and description of works.

Where trees are protected by a Tree Preservation Order you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in the same place.

Please see the attached file on the supporting documents, which contains maps of all the trees that require works and contains all works requested in green text in the far right column. Tree details also included. The maps and schedules of works are ordered by site in the PDF file.

6. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

2. Alleged damage to property - e.g. subsidence or damage to drains or drives.

If Yes, you are required to provide for

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains walls and hard surfaces) Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Yes \overline{No} No 'Identification of Tree(s) and Description of Works')?

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

160523 Bedford Estate Nov 2018 site maps and schedules

7. Tree Ownership						
Is the applicant the owner of the tree(s)?						
If No, please provide the address of the owner (if known and if different from the tree location):
