I know the church committee has the local community, the Chinese community, the second generation of the church members and above all, the international students on the agenda of the church ministry. They are doing amazing works among these groups. One of the ministries had been nominated as the project of the Camden Mayor in 2017. This is just to confirm how the Borough appreciates their efforts and hard works. The committee therefore deserve to desperately have a new spaces, modernized facilities and a safe venue to serve the respective groups.</p>
2015/7013/P	Yew Kong	08/12/2018 12:00:48	SUPPRT	<p>Hi,            I am one of the end user of the church facilities. I am leading a group of youths on every sunday since 2013. We now have 28 of us who meet weekly. We meet in a jam packed passage way( where people can pass through) in the basement for our worship, study, discussion and activities. The condition is appalling. We have been moving from one room to another because the number is growing. Second generation children is one of the our major focus and we wish to support them as much as we could. Your kind consideration and approval is desperately needed.</p>
