2018/4972/P	Elizabeth Bax, Covent Garden Community Association	09/12/2018 22:05:49	OBJNOT	<p>Covent Garden Community Association (CGCA) objects to this application primarily on the grounds of over-intensification leading to loss of amenity.</p> <p>We would like to make reference to the previous application for the site. However, on the Camden Planning portal we have been unable to access any documents for any past applications at this address. Nor does a search for 2016/0083/P (cited by the applicant) yield any results. We do not retain our own records of past plans and documents and are therefore unable to comment as we would wish.</p>
2018/4972/P	Anthony Jennings for Bloomsbury CAAC	29/11/2018 11:17:12	OBJ	<p>We are concerned about the scale of this proposal, which we consider damaging to the setting, from the small scale of Macklin Street and the almshouses in particular, to the mews/cul-de-sac end of Smart's Place with its small scale vernacular feel, but also from Stukeley Street which is still predominately 5-6 stories. The proposal would not preserve or enhance the conservation area and we object accordingly.</p>
