2018/5986/T	Anita	10/12/2018 15:48:23	COMNOT	This tree is at the entrance to our front garden and therefore cannot be seen by our neighbours in Hillway and the higher numbered houses in Oakshott Avenue. The reason we wish to fell this particular tree is to enable us to redesign the steps leading from the front garden of our house down to the front forecourt. The existing steps are narrow and steep and my husband and I who are both in our seventies are finding them difficult and dangerous to navigate. There is no way of making the existing steps wider and shallower without obstructing the use of our garage. The new steps will therefore be at right angles to the existing steps. This necessitates the removal of the beech tree. Our intention is to replace it with another tree planted a few feet away.
