Re: 13-15 John's Mews, London, WC1N 2PA – Basement Impact Assessment Addendum Letter

Dear James,

This is to confirm that Barrett Mahony Consulting Engineers (UK) acknowledge that the drawings listed in Section 1.5 of the Basement Impact Assessment report for the above referenced project (14.771-BIA-01_Rev 2 dated 19/10/2018) were incorrectly indicated as revision 'P2'. This should read 'P3'.

Furthermore, we confirm that the drawings contained in Appendix A of this report were the correct and most up to date set, revision P3. Campbell Reith, the BIA auditors reviewed the P3 set of drawings in their final audit.

If you require any further information on the matter do not hesitate to contact me.

Yours sincerely,

Paul Stephenson
