Subject: 13-15 John's Mews 2017/4302/P -Decision under Delegated Powers Possibly Next Week

Heather

I would like to lodge my objection to this planning application and would be grateful if the decision is taken by full committee rather than delegated to an officer for rubber stamping. I appreciate that the committee's time is limited and usually stretched, however, I feel that this application, considering its many different incarnations over the past few years, adds nothing to the local area, proposes to excavate contaminated underground, invade the privacy of adjoining neighbours, and most importantly, is potentially a threat to lives of many local residents. I have objected to earlier applications on the same site and I am still of the same view that this planned development should not go ahead. It should therefore be subject to the scrutiny of the full committee and nothing less.

I hope that you accept my representations and those of my constituents.

Best wishes

Awale
