

114 Prince of Wales Road, London NW5 3NE

Non-material Amendment Planning Statement – 2015/7293/P

The extension and refurbishment works to the above property granted under ref. 2015/7293/P are well underway. This application is for non-material amendments to the approved scheme as follows:

- Minor internal layout changes to all four flats. N.b. these are existing flats, which are simply being refurbished and/or extended.
- The inclusion of Georgian Bars on the new double-glazed timber windows to match the neighbouring properties. N.b. the new windows are already approved under the original Full Planning application, but without the Georgian Bars.
- The external rear doors are to be double-glazed white painted timber to match the windows. The original approved plans show these new doors as single-glazed white painted timber.
