2018/5594/P	Francoise Findlay Chairman Elsworthy Residents Association BCAAC member	17/12/2018 00:03:21	COMMNT	The proposed railings appear more elaborate than the existing which is regretted. It is not clear that the new railings will, like the existing be concealed behind the hedge and the front wall. No. 6 on the application form marks "No" against hedges but the existing hedge is important as it camouflages a length of the railings and this is an important factor in preserving maximum greenness in the Elsworthy CA. Wherever possible railings should be softened with hedge planting.
