2015/7013/P	Ms L Wong	18/12/2018 07:53:43	COMMNT	Our church need more room and facilities for the young generation
2015/7013/P	Kin Pang	18/12/2018 01:17:02	SUPPRT	<p>I have been a regular member of this church since 2001. I also stayed in the student accommodation in the first and second floor for 4 years between 2001 & 2005. Through the years I have also participated in many ministries that work with / for Camden, including the night shelter, working with women on the street of Camden, Chicken Chow Mein for our Neighbour (regularly host 30-40 people to enhance community spirit).</p> <p>The proposed new building will allow these great services to Camden to be further improved, serving many more in better qualities. The demolition of the existing building is essential to allow better accessibility and use of space, and to make the scheme viable. As the heritage statement stated, 74% of the Birkenhead St frontage has been amended compared to the original 1825 build, and I struggle to see how much heritage value in what was left. Compared to the benefits the new scheme could bring, I would urge the planning officer/committee to approve this planning application.</p>
2015/7013/P	Jacky Tang	17/12/2018 18:05:55	SUPPRT	I strongly support on the planning application to improve the church because currently the place for fellowship is small and crowded.
