2015/7013/P	Ed Swales	26/12/2018 13:41:18	OBJEMPER	I strongly object to the proposed planning application due to the loss of daylight and sunlight to neighbouring properties as well as the detrimental impact of the bulk and mass and design of the proposal. I have set out my full objection in an email to Laura Hazelton.
2015/7013/P	Rev Alvis Tan	21/12/2018 15:55:35	SUPPLETTER	I was delighted to learn of the expansion of this landmark church & I fully support its intention & pray for favor from local council as I've visited the church numerous times & what they are doing to enriched the community is incredible, valuable & pleasing to God!
2015/7013/P	Lina Sherimova	26/12/2018 13:44:01	OBJEMPER	I strongly object to the proposed planning application. The proposal will significantly impact neighbouring properties sunlight and daylight as well as the detrimental impact of the bulk and mass and design of the proposal. I have set out my full objection in an email to Laura Hazelton.
2015/7013/P	Daniel Lai	21/12/2018 10:30:21	COMMEMP ER	<p>King's Cross Methodist Church Building is rebuild after Second World War. At that, design was very helpful with mission and social services. After more than 70 years, the facilities is out off dated and restricted church vision and services to local communities. It is time to rebuild to suit the 21 century standard, and expectation. Looking their commitment to the local resident, Church mission and social commitment in the passed 20 years. They need to have a new site to provide services.</p> <p>Beside that, the site be more environmental friendly facilitates</p> <p>I am support their new development on the position as the Chair of of directors, as Christian Centre for Gambler Rehabilitation. It is helping Gambler Addicts to turn out from odd. We are one the voluntary group base within this premise. Because of the location, our client were came from varies county. I know this building not only with religion services, they also have local concern and social commitment to public. A development to the building will benefit more local resident and also match neighbourhood modernisation.</p>
