

<b>Application No:</b>	<b>Consultees Name:</b>	<b>Received:</b>	<b>Comment:</b>	<b>Response:</b>
2018/5908/T	Elizabeth Bailey	24/12/2018 15:33:30	OBJ	<p>I object to the felling of the tree T10. It is not an Elder as stated in the application but a Liquid Ambar and is very colourful in the Autumn. The ivy has been allowed to climb up it and should probably be cut off at the base. The Yew T9 has a TPO which says it should be allowed to grow to it's proper size so I don't think it should be reduced. I object to the Yew T3 being felled. I think this application should have been sent when there is no building works going on as the scaffolding hides some of the property and trees. Also the plans are old and wrong as the garden is bigger as a previous resident bought some land off of Number 10 Dartmouth Park Road and incorporated it into 1 Boscastle Road therefore your plans are wrong as they don't show this. My house looks dire cutely to the back of 1 Boscastle Road and if you wish to view the trees from my house contact me.</p>
