2018/5802/P	Local Neighbour	30/12/2018 21:46:30	COMMNT	I object to this proposal due to the instability previous basement extensions have had on the immediate area namely the collapse of a basement renovation in Sumatra Road this year. I also object to the noise, dust and dirt that this will create on neighbouring properties and young children's health as well as inability to use outdoor space during the building hours. Access to the site is also very limited with single road access on neighbouring roads when parking is already a major issue.
