Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

## Town and Country Planning Act 1990

### Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

### 1. Trees Location

Number	31
Suffix	
Property name	
Address line 1	Lambolle Road
Address line 2	
Address line 3	
Town/city	London
Postcode	NW3 4HS

If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')

Easting (x)	527295
Northing (y)	184611

Description

### 2. Applicant Details

Title	Mr
First name	
Surname	Large
Company name	
Address line 1	31, Lambolle Road
Address line 2	
Address line 3	

2. Applicant Details

Town/city	London
Country	
Postcode	NW3 4HS
Primary number	
Secondary number	
Fax number	
Email address	

Are you an agent acting on behalf of the applicant? ☒ Yes ☐ No

3. Agent Details

Title	Mr
First name	Kevin
Surname	Woodham
Company name	Bartlett Tree Experts
Address line 1	Bartlett Tree Experts
Address line 2	Coursers Farm
Address line 3	Coursers Road
Town/city	Colney Heath
Country	United Kingdom
Postcode	AL4 0PG
Primary number	01727825090
Secondary number	
Fax number	
Email	radlett@bartlettuk.com

4. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? ☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below

## 5. Identification of Tree(s) and Description of Works

Tree species (and the number used on the sketch plan) and description of works.

Where trees are protected by a Tree Preservation Order you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in the same place.

Prune T1 Tulip Tree located at the front of house right side according to the following specifications:

- Clean to remove all dead, diseased and broken branches 2 centimetres in diameter and larger throughout crown to improve health and appearance and reduce risk of branch failure.
- Reduce crown height by approximately 3-3.5 metres to reduce risk of branch, stem and/or root failure.
- Reduce crown spread by approximately 1.5-2 metres to reduce risk of branch, stem and/or root failure

Prune T2 Corkscrew Willow located at the front of house left side according to the following specifications:

- Clean to remove all dead, diseased and broken branches 2 centimetres in diameter and larger throughout crown to improve health and appearance and reduce risk of branch failure.
- Raise lower branches to a height of 3-3.5 metres to improve clearance over driveway and paths.
- Thin crown to remove approximately 10% of live branches to improve light and air penetration through crown. Most thinning cuts will be between 1 and 2 centimetres in diameter.
- Reduce crown height by approximately 2-2.5 metres to reduce risk of branch, stem and/or root failure.
- Reduce crown spread by approximately 1-2 metres to reduce risk of branch, stem and/or root failure

Prune Ivy located at the front of property on wall left side according to the following specifications:

- Trim to maintain desired shape.
- Thin crown to remove approximately 5% of live branches to reduce weight on front wall. Most thinning cuts will be between 1 and 3 centimetres in diameter.

## 6. Trees - Additional Information

### For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

### For works to trees covered by a TPO

**Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below**

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall ☐ Yes ☒ No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ☐ Yes ☒ No

If Yes, you are required to provide for

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains walls and hard surfaces) Written technical evidence from an appropriate expert, including description of damage and possible solutions.

### Documents and plans (for any tree)

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ☐ Yes ☒ No

## 7. Tree Ownership

Is the applicant the owner of the tree(s)? ☒ Yes ☐ No

## 8. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number

**9. Authority Employee/Member**

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

**10. Trees - Declaration**

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒

Date (cannot be pre-application)

11/01/2019
