Proposal	Internal refurbishment and external alterations including installation of window bars, replacement front door, repair and render of front elevation, replacement rear window, installation of grate in rear courtyard and installation of ventilation extractors (part retrospective).
Objection	Yes
Comment	Yes
Observations	It is of considerable importance that the rear chimney stack is restored to its original condition using original bricks or bricks to match original. The replacement rear stair window is not an appropriate design and an opening window math the current one should requested. We object to the grills on the front basement window. They should be installed inside.
