The diagram is a hand-drawn technical drawing of a sash window assembly. It shows a cross-section of the window frame and sash. The top part is labeled 'HEAD FOR TOP SASH'. Below it is a 'PUTTY' layer, followed by a '4mm GLASS' pane. The glass is held in place by a 'TOP MEETING RAIL' and a 'GLAZING BAR'. The bottom part of the window is labeled 'BOTTOM RAIL'. The drawing also shows a 'BOTTOM MEETING RAIL' on the left side. The drawing is on a piece of paper with a ruler and other tools visible in the bottom right corner.
