Dear Sir/ Madam

9 St Martins Almshouses, Bayham Street, London. NW1 0BD

Our clients have asked us to write to you to confirm that we have been appointed as the Structural Engineers on the project at the above site. We have been requested to undertake the structural design from scheme through to construction on site as well make regular site visits.

I am a Chartered Member of the Institution of Structural Engineers and both I and our practice have experience in the design of basement structures similar to this project on similar sites to 9 St Martins Almshouses. We are therefore suitably qualified to undertake this work.

Please do not hesitate to contact us if you have any queries regarding the structural aspects of this project.

Yours sincerely
For SYMMETRY LIMITED

Christopher Atkins
