Dear Ben,

**Re: Land adjacent to 1 St John's Wood Park, London, NW8 6QS – Amendments to 2018/4763/P Relocation of Plant – Noise Assessment Statement of Conformity**

Hepworth Acoustics have reviewed the effects of the proposed amendments, and relocation of plant, as indicated on DWG: MLUK-673-A-P-XX-4136-R01, to the scheme tested for planning application 2018/4763/P and any material departure from the noise assessment submitted as part of the aforementioned planning application.

The proposed amendments and plant location do not affect the noise assessment; Report No: P18-492-R01, October 2018, and the conclusions remain valid.

Yours sincerely,  
For Hepworth Acoustics Ltd
