2019/0105/T	Sandra Stagg	27/01/2019 23:10:13	COMMENT	This tree is one of a pair planted when the houses were built. There is absolutely no reason for it to be removed. Colin Taylor is not the owner of No 1. The rest of the garden of No 1 has already been destroyed and no longer matches No 2. This is a grade 2 listed environment which No 1 is intent on destroying for what purpose no one here can understand. The fence and hedge have already been removed.
2019/0105/T	Patrik Stagg	27/01/2019 22:29:57	OBJNOT	<p>I live at Holly Village - one of the 12 houses that constitute the Grade II* listed Victorian Holly Village. The gardens including the ornamental trees and lawns are part of a mature well balanced Victorian garden. I understand that the gardens and fence posts nearest the houses are also Grade II* listed. At the time of listing (approx. 1950) the fence posts, hedges and fences constituted a mature front entrance to the Village balanced with No 2 Holly Village. This included the holly tree which is the subject of this Application. Camden recently gave permission for the removal of the privet hedge outside No 1.</p> <p>Since then No 1 have removed several of the listed fence posts and the lattice fence that is a constituent part of Holly Village. There are 142 lattice fence panels around Holly Village - the only ones missing are the 11 sections outside No 1.</p> <p>This has been an a determined effort by No 1 to remove all the Victorian features around their house.</p> <p>So - the hedge has gone (thanks to Camden) - the lattice fence has been removed, the listed posts have been removed - and now they want to remove the mature holly tree that balances with the mature holly tree in No 2 Holly Village. This tree is mature - probably 150 years old. It is an ornamental holly tree - not a vigorous woodland tree - and is no danger to the house. It is pruned on a regular basis by the Village management committee.</p> <p>Please do not allow the destruction of this tree as it will provide further reasons for No 1 to remove everything original from their garden.</p> <p>Please review the procedure for No 1 to re-instate the listed fence posts.</p> <p>IT IS IMPORTNAT TO RETAIN OUR HERITAGE.</p>
