

Application No:	Consultees Name:	Received:	Comment:	Response:
2018/6035/P	Vivienne Greenaway	27/01/2019 16:00:53	OBJ	This is an additional comment from Vivienne Greenaway. [REDACTED] I am discussing the plans with the applicants, but due to the lack of clarity on drawings defining the specification of roof glass, I wish to object to the application based upon a significant reduction of privacy due to non-clarification of the roof panels transparency. They are currently translucent multi-skin polycarbonate panels that restrict vision in both directions. Clear windows will impact the privacy of my bedroom directly above. This is not only an issue to address now, but also to think ahead and avoid conflict with future owners whose patterns of living may be different and impactful upon privacy.
