Subject: Trees in garden between 10 Adamson Rd and 58 Eton Avenue - 2019/0021/T

Dear Tom,

I write to you as a resident of [REDACTED] Eton Avenue with reference to the trees between our building and in the garden of 10 Adamson Road which may be removed. As these provide shade to our shared garden we appreciate the consultation and object for the following reasons:

* **Shade** - the trees provide significantly shade and act as a screen on the other houses. These communal gardens are well used and their removal will harm the experience of sitting out in them.

* **Impact on wildlife** - for birds, squirrels and other animals that use both trees.

* **Air pollution** - a well documented issue around this area, the proposed felling of these trees only makes this worse.

* **Setting a precedent**- clearly this increases the chance of a domino effect with regards to other surrounding trees.

Please reconsider in the light of the above arguments

Yours sincerely,

Giles Watkins
