This original document is issued for the purpose indicated below and contains the copyright and all other rights reserved by the copyright owner. It is issued in accordance with the confidentiality agreement under the contract.
© Bailey Partnership (Consultants) LLP. This document is issued for the party which commissioned it and for specific purposes connected with the captioned project only. It is not to be used for any other purpose, or containing any error or omission which may be the responsibility of the contractor. The document being relied upon by any other party, or being used for any other purpose, or containing any error or omission which may be the responsibility of the contractor, shall be the responsibility of the contractor.
SAFETY, HEALTH AND ENVIRONMENTAL INFORMATION
The contractor shall ensure that all work on this drawing will be carried out by a competent contractor, working where appropriate to an approved method statement.

Project Notes

The Contractor shall ascertain the nature of the site, access thereto and all local conditions and restrictions likely to affect the installation. No claim will be considered on the grounds of the site work being unforeseen.
The Contractor shall be responsible for the final configuration of all new and existing lighting fixtures and shall ensure that all lighting is installed in accordance with the specification and the drawings.
The Contractor shall allow for all required changes to height and location of luminaires on site with the Engineer.
The Contractor shall be responsible for any temporary access or lifting equipment required to carry out the works.
New installation to be in accordance with BS 7871 - 18th Edition
All LEDs to be 4000K.
New Lighting is to be reviewed and connected on existing circuits.
