Dear Sir,

RE: PROPOSED UPGRADE BASE STATION AT TEF 46224 – QUEENS HOUSE

This is a full planning application, and notice in accordance with the electronic communications code under the Telecommunications Act 1984 Schedule 2 as amended by the Communications Act 2003, for permission for the development of:

The installation of 3no. additional antennas on new support brackets, together with 15no. RRU's on a free standing support frame. There will also be 3no. radio equipment cabinets located on an existing steel grillage and ancillary development thereto.

at

Dutch House, 307 High Holborn, Holborn, London, WC1V 7LL (NGR E:530948 N:181597)

Telefónica UK Limited, commonly known as O2, has entered into an agreement with Vodafone Limited, pursuant to which the two companies plan to jointly operate and manage a single network grid across the UK. These arrangements will be overseen by Cornerstone Telecommunications Infrastructure Ltd (CTIL) which is a joint venture company owned by Telefónica UK Limited and Vodafone Limited.

This agreement allows both organisations to pool their basic network infrastructure, while running two, independent, nationwide networks. It also enables both organisations to maximise opportunities to consolidate the number of base stations and significantly reduce the environmental impact of network development.

This application is submitted for and on behalf of Cornerstone Telecommunications Infrastructure Limited (CTIL) and Telefónica UK Limited.

The full planning application comprises:

- The original and 3 copies of the 1APP full planning application forms and applicable certificates;
- The original and 3 copies of the Drawings Ref. No's: 100, 200, 201, 300 and 301 with application site red edged;
- A copy of the 'Ownership Certificate' and covering letter as served on the site owner;
- A planning application fee in the sum of £462.00 made payable to Camden Council;
- Site Specific Supplementary Information;
- General Background Information for Telecommunications Development;
- Radio Planning and Propagation document;
- Health and Mobile Phone Base Stations document;
- ICNIRP declaration and clarification statement.

This application has been prepared in accordance with the Code of Best Practice on Mobile Network Development (July 2013).

The enclosed application is identified as the most suitable site option and design that balances operational need with local planning policies and national planning policy guidance.

Furthermore, we would like to assist the council and would like to arrange a presentation or meeting with your officers and members to discuss the issues if appropriate.

We are committed to maintaining a positive relationship with all Local Planning Authorities and we would be happy to provide any additional information in relation to this application.

We look forward to receiving your acknowledgement and decision in due course.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Dom Needham', written over a horizontal line.
