2019/0100/P	Tamsin Ogilvie	08/02/2019 12:16:44	COMMNT	As a local resident, I am supporting this application. It is a wonderful idea to open up the South side of the Cemetery. Much easier access for the less mobile and brilliant that it will bring more people to the Highgate Newtown area with the lovely library and shops. Really important to keep the area vibrant.
2019/0100/P	Karl French	08/02/2019 12:56:52	COMMNT	This seems like an excellent idea particularly for those like my family who visit the cemetery regularly.
2019/0100/P	Catharine Wells	08/02/2019 11:14:46	COMMNT	I support this application; The design appears to be sympathetic to the context. This splendid entrance needs to be brought back into use. This accessible entrance will do justice to the original intention of the cemetery and help to regenerate the Chester Rd hub.
2019/0100/P	Kirsten Williams	08/02/2019 18:48:46	COMMEMA IL	My husband is buried just inside the Chester Gate. I have very limited mobility and cannot manage the hill back to Swains Lane without considerable help from friends. Access from the south would enable me to visit and tend his grave. I have only been three times in the two years since his death, which pains me a great deal.

2019/0100/P	Jeanette Albery	10/02/2019 12:57:31	INT	wheelchair users cannot access path up Swains lane, as too narrow in places. Having to use road not that safe. Chester road gate much easier and no H & S issues.
2019/0100/P	Stephen Evans	10/02/2019 08:09:55	COMMNT	I think that this is an excellent suggestion. It will make the cemetery much more accessible and stimulate the local economy.

2019/0100/P	Fiona O'Flaherty	11/02/2019 18:40:04	COMMNT	I strongly support this. It would be much more accessible for disabled visitors i.e those on mobility scooters.

2019/0100/P	Susan Penney	09/02/2019 09:17:10	NOOBJEMP ER	I think it's a great idea to open the Chester road gate. The swain's Lane gate is awkward for people with mobility problems, Chester Road is much more accessible.
2019/0100/P	John Chamberlain	12/02/2019 07:47:21	COMMNT	I strongly support this. It would be really helpful to re-open the southern entrance and the designs look good.
