Dear Sir,

I have been instructed by the Bloomsbury Association in connection with the proposed development at 112A Great Russell Street. As part of that instruction and in connection with the BA and other local residents and other interested parties, I have prepared an objection to the current application to Discharge Conditions 5, 6 and 7 of the planning permission granted on appeal in November 2016.

I am attaching that objection, which, you will note, is critical of the proposals because they do not fulfill the requirements of a formal Discharge and differ significantly from the planning permission.

The Association is unhappy about the piecemeal manner in which Conditions have been selected for discharge when many of the Conditions not included here are inter-related.

I should be grateful if you could keep me informed of progress on this application and any amendments submitted, so that further comments can be made.

Regards  
Roger Wilson
