Subject: Re: Planning application - 13 Kylemore Road (2019/0249/P)

I am Chair of West Hampstead Gardens and Residents Association - WHGARA- and was asked to look at the side extension planned at 13 Kylemore because it was causing such distress to association members at #11 and would represent a very oppressive and overpowering construction affecting their garden. I hope there is some way to get the height and bulk reduced.

Best wishes
