## 4. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area?

☒ Yes ☐ No

## 5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below

## 5. Identification of Tree(s) and Description of Works

Tree species (and the number used on the sketch plan) and description of works.

Where trees are protected by a Tree Preservation Order you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in the same place.

Eucalyptus - Crown reduce height and spread to previous reduction points by 4-4.5m branch lengths retaining soft furnishing growth to provide balanced/compact canopy shape  
Crown reduce spread over neighbouring garden where providing lower screening by up to 3m only to retain natural shape

Maintenance works in line with good Arboricultural practice

## 6. Trees - Additional Information

### For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

### For works to trees covered by a TPO

**Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below**

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall ☐ Yes ☒ No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ☐ Yes ☒ No

If Yes, you are required to provide for

Subsidence  
A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains walls and hard surfaces) Written technical evidence from an appropriate expert, including description of damage and possible solutions.

### Documents and plans (for any tree)

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ☐ Yes ☒ No

## 7. Tree Ownership

Is the applicant the owner of the tree(s)? ☒ Yes ☐ No

## 8. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number

## 9. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent. ☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

**10. Trees - Declaration**

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒
