Proposal	Conversion of garage to living space and replacement of garage doors with timber glazed doors
Objection	Yes
Comment	Yes
Observations	<p>No objection in principle to the change of use of the garage to a study or playroom.</p> <p>Object to the proposed french windows which will look incongruous, even with a translucent coating, as they will to some extent reveal bin cupboards below, and a room beyond.</p> <p>They would replace the existing âup and overâ garage doors, and like them, they will open straight onto the public pavement, which could be a hazard in use.</p> <p>B.
